WHAT WOULD YOU RATHER HAVE ! !

C.A.S.C. NATIONAL A.G.M.

April 20, 21, 22, 1979

Just a word on this upcoming event.

By taking on the registration delegates for the National Convention, we will be very evident. We are enthusiastic and serious about our functions as workers. I hope we can communicate this to the people who will be attending from across the country. Perhaps special notice will be taken of us and we will achieve recognition. If you think about it though we could be shoved off into a corner if we don't present our selves correctly. If we can show the enthusiasm and good spirit I see all the time in the club, think how we can influence those who could play a part in our future as a nationally recognized club.

As it is, the training program developed by M.E.T.A, is the sole training program recognized for a C.A.S.C. license. This stands us in good stead automatically. However, I think if some of the policy makers or just plain folks from across Canada meet our members, and find out the kind of dedication and pride we have in what we do, they may realize we are a force to be reckoned with. As small as we are, compared to other member clubs, we still represent workers in general. Let's show them the stuff we're made of we're the workers and we should stand up and be counted!

ADDRESS CHANGE

C.A.S.C. NATIONAL CONVENTION.

The NATIONAL A.G.M. committee requests the assistance of ALL Region Members, to obtain sponsorship for our Delegate packages, which could include key tags, bottle openers, bottle caps, bromo, anacin, windshield scrapers, car litterbags, metric conversions for cars, window cup holders etc.

M.E.T.A. WILL BE OUT FRONT - doing registrations, and many favourable comments and impressions have already been made concerning our involvement. All the pre-registrations has been taken care of by Bev. Crump, so none of you have had that headache, but all our members support will be needed sometime during Friday evening from 4:00 p.m. - 10:00 p.m. (for about 2 hours duty), Saturday morning from 7:30 a.m. to about 8:00 or 8:30 a.m. would really be appreciated. Arlene Young will be contacting you concerning your participation.

The theme of the convention is "convention of Recognition", and all areas of racing will be recognized. The "Salute to the Workers", is the title of the Saturday cocktail hour, sponsored by Canadian Honda. This is a first in the history of C.A.S.C. conventions, and because of the effort's I believe we should also be out front being there, making them aware of the workers, and the important part they have in racing. Please read over the schedule for the three days, as you can see everything will be happening on the Saturday, allowing everyone a chance to participate at the meeting and then Sunday being the workshop day. As you know the hassles of the Region A. G. M., when too many meetings took place at once, and not enough of our people were able to go around to all the meetings representing us.

If you have any questions or need answers or need problems solved concerning workers contact Robin or Bev Crump. Remember this is the time to let your voice be heard, the top brass of C.A.S.C. will be here.

I have several issues that will be brought up, lets get out there and support one another. The more support the better the impression, the more chance of accomplishing what we want.

P.S.

THANKS FOR THE TIME  
& EFFORT BOTH YOU & MIKE  
AND ANY ONE ELSE. ARE PUTTING
