VOLUME 15 NO. 2

JUNE 19, 1990

Time has passed like an Atlantic down the front straight...

My thanks to those who have offered comments on my first issue of the Mayday. Hopefully your suggestions will result in improvements!

This will be a small issue of the Mayday, as well as a long-delayed one. I had hoped to have several things ready for it, that are now in a state of suspended animation... hopefully they will soon be resuscitated and completed. In the meantime everyone needs to know when they are scheduled to work practice, and what on- and off-track activities are coming up. My apologies for the long wait and small result.

In an effort to get this project back into a schedule of some sort, I am looking for an assistant editor. The position will involve production of brilliant ideas, some writing, and considerable harassment of the senior editor as deadlines draw near...

A long-overdue Farewell to an old member, and welcome to some new ones... Sherry Forster has moved to California and is now working for the Jim Russell School in Monterey. We speak to each other fairly often in the course of our work, and she is hardly ever smug about the weather... Impressive self-control, Sherry.

We have several new members, from various places in the Pacific Northwest... Among them the Gadsden family of Kent, Washington: Dick, Joanne, and Dave (ask Joanne what she thinks of working motorcycle races...); Judith Doyle and Michael Smith of Beaverton, Oregon; Oliv Brandfors of Seattle (until that situation can be remedied!); locally, Gerry Rohling; Kerry Savard; Frank Kathwaroon; Ben Johnson; and Margaret Ledlin (who has a great potential as a communicator, and who should have a clear understanding of the common errors to avoid, having watched me commit most of them...); and my apologies to those I have not mentioned by name!

### SPEED READING:

### \*NOTE\*

New META meeting location for June, July, and August:

Edmonds Community Centre  
7282 Kingsway (Kingsway and Edmonds)  
Room to be announced  
Same date and time as usual! See you there!

### \*TRAVELLERS ALERT!\*

The Interstate 5 Through Washington State is being vigilantly patrolled this summer, with the aim of lowering vehicle speeds and raising state revenues. As well as the usual radar traps, watch for motorcycles and unmarked cruisers mingling with traffic and pacing cars at random...

## PRACTICE NIGHT SCHEDULE

If you cannot work your assigned evening, and you have exhausted all other possibilities, call Rick Smale (R), Grace Lassen (G), or Dave Forster (D), and let them know!
