Presidents Report

Hi everyone,

I hope you had a good January. Now that it is Ice Racing season you may have even gone up to Cache Creek for a weekend, I may yet make it up there this year.

BCHMR

By now you have probably heard that the British Columbia Historic Motor Races are May 13 & 14 this year (this is the best date VRCBC could get). Registration is now open for volunteers (<http://msreg.com/2023bchmrvolunteers>), note that volunteer registration and driver registration are 2 different forms this year to keep consistency with other events due to feedback in the past.

CACC Waivers

When you do your CACC waiver this year and are NOT applying for a license remember to email a copy to yourself (some iPhones when you take a screen capture crop the acknowledgement page and all you get is a 'Selfie' that could have been taken any time).

If you know where to find things on your phone (or how to search your emails) that is good enough, however if you have difficulties print the waiver out and keep it with you at the track. You can be asked at any time to prove you signed the waiver.

I bring this up because VRCBC goes not have access to the waiver database, so that (or your 2023 CACC license) are the only way VRCBC can verify that you actually completed the waiver.

CACC Digital Licenses

ICSCC (Conference) recognizes CACC Digital Licenses, so if you aren't traveling or doing SCCA races it is not necessary to get a hard license this year, that said, if you don't have a smart phone or can't find saved things easily on your phone (I know there are those out there that couldn't find something on your phone if their life depended on it), there are two options for you, print out a copy when you get your license confirmation (or send it to a friend that can print it out), or request a hard license when you apply. Your license will double as proof of having signed the CACC Waiver, as in past years.

Have fun and play safe!

Vice Presidents Report

As we have not yet started the 2023 racing season, there is not much to report on, although we are now able to renew our CACC licenses online. As these are to be virtual licenses this year, there has been some anxiety about the license availability, especially amongst older members, not all of whom are tech savvy. Thank you to Mike Bailey for his clarification about how to get a printed copy of your 2023 license.

You will no doubt have seen the schedule for the upcoming season, including many conflicting dates, not to mention the BCHMR which, due to lack of available dates, will be held on the Mother's Day weekend this year. Very unfortunate but track time is hard to get these days. I hope that we will all do our best to support the various clubs as best we can.

This year is META's 50th anniversary and I am pleased to say that the anniversary crests have been ordered and should be available towards the end of February. We will sell these as a fund raiser, by donation, with a minimum of \$5 asked to cover our costs. It is a really good looking crest and thanks go once again to Mike Bailey for his design.

We plan to open our clubhouse again on the weekend of driver training. The date is Saturday March 25th and we hope to be there at around 10am to remove the snow supports (much needed this winter) and to generally clean up ready for the start of the season. Look forward to seeing you there.

Ann Peters

Vice President

Please be advised that the 2023 CACC Competition and Officials License Applications are open and ready for your submission here:

<https://licenses.caccautosport.org>

Beginning with the 2023 season, the CACC will be phasing out plastic license cards and issuing digital competition and officials licenses. Digital licenses are designed to expedite the turnaround time between application and receipt of your license, reduce the large workload faced by our volunteer license administrator and make your wallet lighter in a good way. Your digital license will be provided as an image attachment sent to you by email. Save the digital license image to your smartphone for presentation at CACC-sanctioned and other events.

While we are working with other motorsport regions to ensure CACC digital competition and officials licenses are recognized within their jurisdiction, if you plan to attend non-CACC-sanctioned events that require presentation of your CACC competition or officials license, consult with your host to confirm that your CACC digital license will be accepted at their event. If you are unsure, it may be advisable to order a printed card. Digital licenses are accepted at all CACC events. Please do not order a printed license card unless you are required to do so.

CACC Secretary

The BCHMR is on the May 13–14 weekend this year at our usual track now named Speed-Fanatics Motorsport Circuit in Mission Raceway Park, Mission, BC.

Be sure to check the BCHMR website <https://www.bchmr.ca/> regularly for all of the latest news!

My apologies that I don't have more details at this time, however, we just got the date confirmed. Please mark it on your calendar!

Our BCHMR Chair this year is Gayle Baird

BCHMR volunteer registration is now open:
