## CARS ON ICE - WCIRABC

Due to the lack of hard, safe ice, along with the province wide health and safety restrictions, Cars on Ice has cancelled all remaining events for the season.

The participants will be contacted via email through [motorsportreg.com](http://motorsportreg.com) about next steps with refunds and credits.

If you ordered a t-shirt from us, we will contact you separately to arrange pickup.

This has been a hard year for us all and we had hopes to be able to race. Even with the safety restrictions in place, we are unfortunately lacking nice cold weather as well. We hope to see you all again in 2022 for our clubs 50th Anniversary!

## *Presidents Report.*

Hello Everyone,

It's been a different offseason following a most different race season. We were unable to get together around the holidays or have our annual META banquet. I want to thank Ann, Karen, and Mike for all the work they put into the META portion of the combined VRC & META virtual banquet. It was great to be able to get together and see people's faces and catch up even if it was only on the computer. There were plenty of pictures from the past, with familiar and not so familiar faces. I hope everyone enjoyed it as much as I did.

I don't have much to report at this time, the SCCBC has their AGM coming up on the 10th of February, once they have their new executive in place, we can start working with them to help plan for the upcoming season. I'd also like to remind you the CACC AGM will be coming up on the 14th of March.

Please remember to renew your membership if you haven't already.

Take care of yourselves and each other.

*David*

## 2021 CACC Licence

Licence applications for 2021 Competition and Officials licences are being accepted on Motorsportsreg.com.

Competition Licences can be applied for here: <https://www.motorsportreg.com/events/2021-cacc-competition-licence-application-751872>

Time Attack and Race licence applicants can take advantage of an early bird discount by applying before February 28th. Medical exams will be required for the 2021 season so contact your physician early if you require a medical exam for your licence this year.

**Officials Licences** can be applied for here: <https://www.motorsportreg.com/events/2021-cacc-officials-licence-application-465845>

At the Fall AGM a proposal was set forward that there be wording added to the officials rule book that states:

*"For 2021 Marshals may renew their Officials License at the same level as 2020 without having worked 6 race days in 2020"*

If you have any questions regarding the licencing application please contact the licence registrar, Malcolm Curtis [licensing@cacautosport.org](mailto:licensing@cacautosport.org)

### *Steven Bibby Memorial Award*

If you were ever lucky enough to work with the late Steven Bibby, you know that he was a leader in B.C.'s emergency management community. In recognition of his decades of work, the Justice Institute of British Columbia (JIBC) has created a student award in his memory.

The Steven Bibby Memorial Award will provide support to students enrolled in the Emergency Management Certificate, Diploma in Emergency and Security Management, and Bachelor of Emergency and Security Management Studies at the Justice Institute of British Columbia.

“Steven’s drive, vision and hope are the very reason post-disaster building assessments is now an integral part of the emergency management response framework in BC,” said Wendy Acheson, Vice President of Licensing & Consumer Services. “We are very thankful for all the effort he put into developing and promoting post-disaster building assessments. The JIBC’s memorial award honouring our colleague and friend is a fitting tribute to his legacy as an innovator and educator.”

With BC Housing for 27 years, Steven became Director of Security and Emergency Services in 2005, and led our emergency management, business continuity and security programs. In addition to his work at BC Housing, Steven was the Co-Chair of the BC Post-Disaster Building Assessment Advisory Committee, helping spearhead a project that improves building safety after major disasters for years to come.

The project saw BC Housing partner with JIBC, Engineers and Geoscientists British Columbia, and the Architectural Institute of British Columbia to research and develop the Post-Disaster Building Assessment (PDBA) Framework and Recommendations. The end result is a process that communities across Canada can use in planning their response to natural disasters or other major emergencies, including a system to support the quick assessment of buildings that have been damaged due to a disaster to ensure the safety of their occupants.

Jeff Cornell, Director of Security & Emergency Services, thinks that a scholarship in Steven’s memory is a great way to honour him. “Steven was very much an educator, a teacher, a coach,” he said. “He dedicated a great deal of his professional career, and even large portions of his personal time, to find opportunities to share his expertise, his experience and his passion for post-disaster building damage assessment. The memorial award at the JIBC will ensure that his spirit for education and advancement will be shared with many others for years to come.”

**It's that time of year again!!!**
